

RoHS and REACH Statements of Compliance

FoxGuard Solutions, Inc. maintains compliance with all applicable hazardous substance legislation, including RoHS and REACH.

FoxGuard's manufactured equipment is certified to and verified for compliance according to the markets it is made available to, including RoHS and REACH for the European Union and other similarly regulated regions. Component hazardous substance content is verified through supplier Declarations of Conformity, based on IEC 63000 guidance.

RoHS

The Restriction of Hazardous Substances in EEE (RoHS) originated in the European Union in 2002 (2002/95/EC), with a recast (RoHS II) published by the EU in 2011 (Directive 2011/65/EU). RoHS II, a CE Directive, currently regulates the following six elements:

- Lead (Pb): <1000 ppm
- Mercury (Hg): <1000 ppm
- Cadmium (Cd): <100 ppm
- Hexavalent chromium (Cr VI): <1000 ppm
- Polybrominated biphenyls (PBB): <1000 ppm
- Polybrominated diphenyl ether (PBDE): <1000 ppm

Additionally, Directive 2015/863, published in 2015, adds four additional regulated substances:

- Bis(2-Ethylhexyl) phthalate (DEHP): <1000 ppm
- Benzyl butyl phthalate (BBP): <1000 ppm
- Dibutyl phthalate (DBP): <1000 ppm
- Diisobutyl phthalate (DIBP): <1000 ppm

Please visit http://ec.europa.eu/environment/waste/rohs_eee/ for further information about the EU RoHS Directive 2011/65/EU.

RoHS legislation is adopted or pending in various locations around the world.

REACH

The European Union's (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) regulates limits in "articles" of elements on the Substances of Very High Concern (SVHC) list. A current version of the SVHC list is available at: <https://echa.europa.eu/candidate-list-table>

Under the REACH regulation, FoxGuard is a supplier of "articles". These "articles" do not involve the intentional release of substances.

FoxGuard collects updated REACH compliance declarations from its supply chain with every update of the SVHC list, and provides REACH-compliant products to our end users in the European Union.

Further information on REACH is at <https://echa.europa.eu/regulations/reach/legislation>.
